

Fine Healthy Child Convincing Evidence

Simple Inexpensive Remedy Checks
Early Tendency to
Constipation.

About the first thing impressed on the young Mother is the necessity for regularity in her baby, which brings up the question of the most desirable laxative for children's use.

Mrs. Jesse Richardson, Philpot, Ky. says she has used Dr. Caldwell's Syrup Pepsin for the past year and that there is no medicine in the world like it. She writes, "My little son, William Jr., just loved it because it is so pleasant to take, and everybody talks about his being such a fine healthy boy."

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from any opiate or narcotic drug, and is the standard remedy for constipation in thousands of homes throughout the land. Drug Stores everywhere sell it for fifty cents a

bottle. Get a bottle of this excellent remedy, and have it in the house. A trial bottle, free of charge, can be

obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

HUNTING ACCIDENT

Rutland, Oct. 20.—Details of a hunting accident, which happened yesterday afternoon, in which Dr. William R. Pond, a prominent dentist in this city, was injured about the legs, became known today. Dr. Pond together with Ray W. Wheeler of Court

square was hunting in the woods in Castleton when through mistaken judgment in the exact location of the two men Dr. Pond received part of a charge of birdshot in his legs. This is the first hunting accident of the season in Rutland county. It is not expected that there will be any serious results.

FRANK E. HOWE, Editor and Pub.

Friday, October 22, 1915.

The price of electric light and power has been materially reduced in Rutland to which point the wires of the Connecticut power plant have been strung. We have been waiting in Bennington for four years for light and power from the same source. It has been long promised and now seems to be on the way. With its advent Bennington users of electricity will be entitled to lower rates.

The Rutland Herald seems troubled because The Banner today disagrees with a casual opinion expressed by the editor of The Banner two years ago. We find ourselves unable to sympathize with the Herald. If we found that we hadn't changed our mind in two years we should worry for fear we couldn't. The Banner has no ambition to follow in the footsteps of a well known Rutland county man who thumped the table with his fist and declared with proud orthodoxy, "I made up my mind thirty years ago and haven't changed it yet."

Every fall there is a lot of wise talk in Vermont about hunters getting shot because mistaken for deer or other animals. For going on twenty years now there have been going on twenty thousand deer hunters every fall in the Vermont woods and in all that time only two hunters—so far as we can remember, have been shot because mistaken for an animal. The danger of being mistaken for a deer is not as serious as is usually alleged. The great danger is from the careless handling of fire-arms. A lot of careless or incompetent hunters shoot either themselves or their friends every fall through mere blundering stupidity.

"Knowledge Comes But Wisdom Lingers."

The sage of the Bennington Banner is on record as believing that if the question were submitted to a referendum women would be admitted to the franchise in Vermont.—Rutland Herald.

The Banner has no recollection of having harbored such a view. If the Banner ever said anything of the kind it must have been in a moment of enthusiasm after listening to some extra-special extra suffragette orator. The Banner is in favor of equal suffrage, but does not believe it would be adopted if submitted to the voters of Vermont today. If decided on its own merits and not mixed with up with other questions. We might add that the importance of the equal suffrage issue is greatly overestimated by its advocates and those opposed. No wonderful good and no tremendous harm will come from woman suffrage.—Bennington Banner.

Apparently the opinions of the editor of the Banner, reasonable as they are, are not always the same as those of the former lieutenant governor, especially when confronted with the difficult position of being popular with the ladies and at the same time telling the exact truth about Vermont.

In the suffrage edition of a certain Vermont review, edited by the leaders of the equal suffrage movement in Vermont, appears the following, under the head of "Prominent Vermonters Endorse Equal Suffrage": Hon. Frank E. Howe, former lieutenant-governor.

"I hope to see Vermont give women the full ballot in the near future and I am inclined to think that the rank and file of the people are in favor of it if you could get the question before them through a referendum vote. Best wishes for the success of your cause."

This is an extremely good-natured statement, much the sort of thing a gallant public officer would give out when requested to do so by ladies of such unquestioned ability and charm as those of champion the equal suffrage cause in Vermont, but apparently it is not exactly what Mr. Howe, editor of the Banner, actually thinks. "Consistency is the hobgoblin of little minds," any way, so why hold it against him?—Rutland Herald.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; unless cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists. Try

Take Hall's Family Pills for constipation.
